

**GUITARBOY speaks the universal language of music like no other on an electric six-string!**

Guitarboy (aka Baker Scott) has reintroduced thousands of fans around the globe to the power of the inspired, creative guitar solo via the internet and live performances in and around his home base of Huntington Beach, CA and various jazz and blues festivals in the state of California and nationally.

Influenced by Jimi Hendrix and John Coltrane and every guitar player he hears, Guitarboy's style is unique. Fiery and emotional, he tears at your soul while dazzling technique sends you on a musical thrill ride. With **Steve Elce on Bass** and **Joe Snyder on drums**, both incredible players, and **Wendy Haley's soulful vocals**, the Guitarboy Band will take you on a musical experience that is unparalleled.

Major Blues Festival appearance include the Sioux Falls Jazz & Blues Festival where the Guitarboy Band *co-headlined* with such legendary Blues performers as **Blues Legend Buddy Guy and Tommy Castro**. The Guitarboy Band has also co-headlined on shows with **Joe Bonamassa and Kenny Wayne Sheppard**.

Listeners have plenty of praise and accolades for the virtuoso player. Truly original compositions include the influences of music greats like Hendrix, Coltrane, Vai and Stevie Ray Vaughn. Guitarboy is currently topping charts at Soundclick.com and now has a total of 20 #1 Hits on internet sites worldwide. His music has been chosen as the theme for a Chicago area television program, will be included in the upcoming movie '10mph' and Guitarboy is listed on ClearChannelMusic.com as one of the Top 50 Hottest Independent Artists.

#### **Disruptive Behavior CD**

Guitarboy displays a mastery that mixes Blues, Jazz and a Hendrix-type sound for a different and soaring take on rock guitar leads. Guitarboy's bluesy guitar riffs burn over funky, blues, rock and jazzy grooves.

The album features ten original tracks and an outstanding version of Eric Clapton's **Layla**. You don't need vocals to recognize this song which is bound to be a radio favorite. All tracks are well suited for electric blues and rock format stations or programming.
